[REDACTED]

Dear Dr. [REDACTED]

Thank you for your inquiry regarding SEROQUEL® (quetiapine fumarate) Tablets.

We no longer actively search the published literature in response to inquiries for SEROQUEL® (quetiapine fumarate) Tablets, and we do not have information in our existing product information database to respond to your request. We encourage you to search the prescribing information and published medical literature to obtain the most complete information on this topic. Free literature searches can be conducted through PubMed and can be accessed at www.pubmedcentral.nih.gov.

Please consult the Warnings and Precautions section of the prescribing information for further details and other important safety information. Prescription drugs used in a manner other than their approved indication may not be eligible for reimbursement by any third-party payors, including Medicaid, Medicare, or similar federal or state programs. Prescribing information for all AstraZeneca Products may be obtained from www.astrazeneca-us.com or by calling the Information Center at AstraZeneca at 1-800-236-9933.

Adverse Event Reporting

In order to monitor the safety of AstraZeneca products, we encourage clinicians to report suspected adverse events to AstraZeneca at 1-800-236-9933.

Sincerely,

[REDACTED] *PharmD*
